Job involves determining customer skin types and recommending exposure times based on skin type. Explaining indoor tanning and answering questions, selling tanning packages, selling lotion accelerators, answering phones, taking appointments, cleaning, record keeping, and collecting money. Also responsible for reporting any customer complaints or problems to the manager or owner. This job requires a lot of customer interaction and requires people who like and understand about working with the public. You will be trained on the indoor tanning process and will take several certification tests.

Have you tanned indoors? _____ Where? _____
